

Reach every student through video

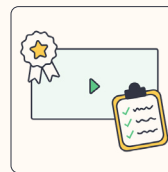

ClickView helps teachers make every lesson more engaging and effective — with high-quality video content designed for Australian classrooms.

Whether it's introducing a new concept, revising before a test, or sparking class discussion, ClickView gives teachers the tools they need to make learning unforgettable.

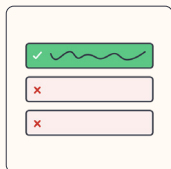

Curriculum-aligned & easy to find

Mapped to the Australian curriculum across every subject and level.

Safe & worry-free

Ad-free, classroom-ready content that teachers can trust.

Engaging & interactive

Short, purpose-made videos with optional inbuilt quizzes.

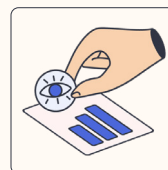

Trusted content partners

Disney Pixar, BBC, TED-Ed, National Geographic, and more.

Seamless integrations

Works with your LMS, SSO, and school systems for easy access.

Actionable insights

Track student understanding and engagement with real-time analytics.

ClickView integrates seamlessly with:

- LMS platforms like Google Classroom, Vиви, and more
- Admin tools for customisation and content management
